

January 11, 2007

The Rockport School Committee has released its new website for public access. The site can be accessed from the homepage of the Rockport Public School website (<http://www.rockport.k12.ma.us>) by clicking on the School Committee link. The Committee will continue to post meeting notices and agendas on the town website, but the public is encouraged to utilize this new website as its primary source of School Committee information.
